

## EMIR Open Day 9<sup>th</sup> June 2015

Manchester United FC  
Old Trafford  
Manchester

## Why should you attend the EMIR Open Day?

You have made the decision to invest in the industry specific application, EMIR. Every day, week and month of every year, we continue development of this product to meet the needs of the electro-mechanical industry...and you may be losing out!

The EMIR Open Day is run once a year and is your opportunity to keep up to date with what's new and have your say!

These short, but informative sessions, are designed with your business in mind – we look forward to seeing you in June.

## Outline of the Day

The EMIR Open Day is your opportunity to learn how the product is changing and being developed to meet your needs. It is an informative and interactive day that will allow you keep up to date with the latest development and new features, many of which you can utilise immediately.

The 'Stadium of Dreams' will open its doors for EMIR customers at 9.30am. After collecting badges you will be directed to the Stretford Suite and offered coffee/tea.

The morning session will begin at 10am, with lunch at 1pm\* and allowing for the traffic, a close to proceedings at 3pm. We also included a number of refreshments breaks, so the sessions will not be long.

The day will include:

- **New Features and Switches** which have been added to EMIR in the last 12 months. Maintenance customers can take advantage of these updates immediately, support will be on hand to register your interest.
- **New Modules and Extensions.** The EMIR team will demonstrate Brand New items including:
  - **EMIR Smart Site**, an extension specifically designed for on-site engineers, an application that operates on IOS and Android devices - now working both online and offline!
  - Version 5 of **EMIR-CRM**, a release of the product that distributes even more EMIR functionality to the CRM user.
  - A complete redevelopment of **Sales Order Processing** designed with the swift entry of parts and component processing.
- **An update on Cloud computing.** With many our larger clients benefiting from EMIR-Cloud, we'll discuss the future of Cloud in the industry and how smaller businesses can now benefit.
- **A development roadmap** of the EMIR product and how you can be involved in its direction. The SKF and other planned integrations.
- **The Manchester United Tour.** A look behind the scenes of one of the world's most successful football teams – not to be missed!
