Welcome to
eMiR-Learning

Features of eMiR-Learning
How can your business benefit from EMiR online training?

24/7/365
Allow your staff to access EMiR courses from anywhere, at anytime, on any device. Internet access is not limited and users can proceed through coursework in and around their working pattern.

New Starter Solution
A solid introduction to how EMiR Professional operates and how each Module interacts with the departments and people within your organisation. Provide as part of HR on-boarding.

Individual Achievement
Socially distanced, self-paced learning allowing your company to offer skills targets and career goals aiding your employee retention. Staff morale and job satisfaction are enhanced by sufficient training.
Skills Tracking
A helpful addition to your HR work, recording tests and assessments undertaken along with grades and ability to learn. Show commitment to career advancement at employee appraisals.

Employee Refreshers
Existing staff updates and core product functionality learning. EMiR users may not have been present at the original installation and may lack vital background. eMiR-Learning is a valuable reference tool.

Certified Learning
Login to the system, explore the courses and learn from clear and concise videos, check your study with an assessment and download the certificate. Become an EMiR Certified Professional.
